- 2009-09 CR 427/Ronald @ Lake Mary Blvd request for prohibition of right turns at the intersection due to the close proximity of the signal recently installed at Lake Mary Blvd @ Sanford Ave.  
The signal at Lake Mary Blvd @ Sanford Ave was installed within the last few months. This is still under review for a several month evaluation period.
- 2009-11 SR 400 Request for more 55 MPH Speed limit signs.  
This is currently under review to determine appropriate speeds for this stretch of roadway.
- 2009-15 Ronald Reagan Blvd. Limited line of sight issues. This project is 90% complete and making good progress. Status closed
- 2009-18 SR 434 @ Slade request for signalized intersection
